PLASTIC CAKE STANDS

La Wedding Cake è la torta nuziale in stile anglosassone, una vera e propria opera d'arte che attinge dall'esperienza dell'alta pasticceria per esibire decorazioni originali e personalizzate, dall'aspetto moderno minimalista o acceso e sgargiante. Più passa il tempo e più la torta nuziale assume un ruolo importante all'interno del banchetto gastronomico. Martellato rivisita un classico proponendo le Little Wedding Cake porta torta in plastica a tre piani di dimensioni più piccole, adatte quindi a banchetti con un minor numero di invitati, facili da trasportare, misure di ingombro contenute.

Wedding Cakes, in Anglo-Saxon style, are true works of art that drawn on the experience of the haute patisserie to show off original and personalized decorations, modern and minimalistic or instead striking and bright. As time goes by, wedding cakes take on a more important role in banquets. Martellato revisits a classic offering Little Wedding Cake: a plastic stand with three small levels, therefore suitable for banquets with fewer guests. It is also easy to transport and does not occupy much space.
